Experience

Starworks Prime

Associate Technology Consultant

Jun. 2024 – May 2025

Indore, MP

- Refactored legacy systems by modularizing components, reducing technical debt, and improving scalability by **35%**.
- Delivered mission-critical projects ahead of tight deadlines through team collaboration and improved workflow strategies.
- Optimized performance and deployment efficiency by leveraging **GraphQL**, **Vue.js**, and **AWS** stack.

Shaurya Unitech Pvt Ltd

Front-end Developer

Aug. 2023 – Feb. 2024

Udaipur, Rajasthan

- Built responsive UI in **React.js** integrated with **Node.js**, **MongoDB**, and legacy **PHP** systems.
- Redesigned workflows with UI/UX teams to improve usability, resulting in **22% lower bounce rate**.
- Launched scalable solutions for EdTech and HealthTech clients across 3+ product lines, increasing user retention by **18%**.

Projects

RepSet – Gym Management SaaS Platform | *Next.js, TypeScript, Prisma, PostgreSQL*

Jun. 2025 – Present

- Architected a multi-tenant SaaS platform to manage memberships, trainer assignments, and workout progress.
- Secured authentication with **Clerk** and modular UI using **Next.js App Router**, Tailwind, and Framer Motion.
- Streamlined backend APIs using **tRPC** and **Prisma ORM** to support 500+ concurrent users with optimized performance.

Imagica – AI SaaS Platform with Next.js | *Next.js, TypeScript, MongoDB, Stripe, Cloudinary*

Mar. – Apr. 2024

- Engineered an AI SaaS platform using Next.js 14 and MongoDB with advanced image processing and secure Stripe payments.
- Integrated image restoration, recoloring, object and background removal to enrich user experience and flexibility.
- Crafted a highly responsive interface with seamless cross-device accessibility, increasing retention by **20%**.

Online Learning and Teaching Platform | *React.js, Node.js, MongoDB*

Sept. – Oct. 2023

- Launched a full-featured MERN platform supporting subscription-based access to 50+ video courses.
- Designed a monetization model for instructors with live earnings tracking and secure payment integrations.
- Built intuitive dashboards for learners and instructors to manage subscriptions, progress, and content.

Leadership & Community

D4 Community

Co-Founder & Web Development Head

Sept. 2022 – Nov. 2023

- Led 10+ developer sessions and events with 100+ student participants across multiple institutions.
- Facilitated collaborations with **Google Developer Groups** and mentored 15+ juniors on full-stack projects.
- Coordinated 3 national hackathons and created digital tools used by 200+ participants.
